TENTH YEAR

COUNTY COMMISSIONERS HAVE COMPLETED OFFICIAL CANVASS

Count of Election Returns Are Now Made. County Officers Remain as Heretofore Announced. Precinct Officers Are Here Given.

The official canvass of the Cache County election returns by the county commissioners reveals no new secrets regarding who was and who was not elected. The canvass was completed and totals drawn down yesterday and the fact remains, painful as it is, that the county Democrats elected their entire ticket with the exception of the position of county attorney which goes to A. E. Bowen by a majority vote of 115. J. C. Walters had a close call to the judgeship but was lacking 51 votes to be successful over J. D. Call of Brigham City. Prof. Bollin is an eminent authority upon the subjects which he will discuss and the general public is urged to take advantage of this opportunity or hearing from such a splendid authority.

BLOWS UP D. & R. G. PROPERTY

Layton, Nov. 12.—Alleging that the Denver & Rio Grande railway trespassed upon his property by constructing a sidetrack, Jesse M. Smith of this city put dynamite under the track and blew it up. His action is the result of a controversy concerning one rod of land which either adjoins or belongs to Smith's farm.

The railroad company made several ineffectual attempts to construct the sidetrack but Smith kept jealous guard and prevented work. He was called away to attend to other business for a few days. Upon his return Smith found the track laid. Nothing daunted, he erected a fence across the track. Then a freight train was backed through the fence.

This last offense was too much for the irate Smith. In the broad glare of daylight, without concealment of any kind, he destroyed a section of the track with dynamite. The road has been repaired by the railroad company. What the next move will be is uncertain.

While Smith claims ownership the

railroad officials assert the property has been owned by the Denver & Rio Grande for fully eighteen years. According to Division Superintendent N. A. Williams the roadbed was formerly used by the company for the main track. Mr. Williams is of the opinion that no action will be taken against Smith.

SOLDIERS EXECUTED NEAR CITY

Constantinople, Nov. 12.—The port has applied directly to Bulgaria, seeking to arrange an armistice, according to the reports current in the capital.

Seventeen soldiers and one officer who fled before the enemy at Kirk-Kiliasch were executed this morning in the outskirts of the city. The death sentence has spread panic among the most of the troops.

The sheiks have been agitating for the issuance of an imperial decree, ordering the reading of certain verses of the Koran and reciting verses which would greatly increase the labor of the imperial court and other departments already overwhelmed with work.

An open letter written by Prince Seba Heddin and addressed to the sultan is published in the form of a pamphlet and sold in the streets. The proceeds will go to the benefit of the Red Cross society and the pamphlet has been bought eagerly. The prince says in substance the enemies of the country are not the Balkan states, "but we ourselves, who have proved in capable of governing the country. If we take lesson from past errors, then there is hope of improvement."

CALIFORNIA VOTE IS VERY CLOSE

San Francisco, Nov. 12.—Theodore Roosevelt lost his plurality in California for about thirty minutes to night and then regained it, as additional official returns came in. For half an hour Wilson was credited with being fifteen votes ahead. The total vote at 10 o'clock stood: Roosevelt 282,042, Wilson 282,032.

Dr. States of Franklin was in town yesterday having come here to perform an operation for appendicitis on his uncle D. D. States, of Ely Nevada. Mr. States rallied well from the operation. Dr. States returned home this evening.

BRIGHAM YOUNG COLLEGE NEWS

The decided increase in the number of students this week is very pleasing. This increase comes as a result of the winter course registration. A great many who were prevented from entering at the beginning of the year on account of the lateness of the season, are taking advantage of the opportunity the Winter Course gives, in registering for a full semester's work.

President Linford was in Salt Lake City the first of the week attending a meeting of the church board of examiners.

Professor A. E. Bowen made a trip to Malad, Idaho this week on business.

The interest in basketball is already at a very high pitch. The class series resulted in a victory for the fourth year class, they having suffered no defeat. Monday afternoon a team chosen from all the other classes succeeded by the very close score of 24 to 23, in turning the tables on the fourth year team. This afternoon another game will be played in which the fourth year's expect to regain their supremacy.

Joseph E. Cardon spoke to the students yesterday morning in devotional. He showed, in a very interesting way, the necessity of efficient leaders in the world.

SPANISH MINISTER SHOT AND KILLED

Madrid, Nov. 12.—Jose Canalejas Mendas, the prime minister whom Spain regarded as one of the greatest statesmen was shot and killed today by a young anarchist Manuela Pardinias. The assassin attempted suicide and it was at first thought he was dead, but when he had been carried to a hospital he was found to be living.

No event since the throwing of the bomb at the carriage of King Alfonso on May 31, 1908, while the king was returning from the church after his marriage, has caused such general consternation and such public sympathy.

So far as can be learned the assassination seems to be in no way part of a widespread political plot or revolutionary movement, but an isolated crime.

Herd of Choice Cattle Leaves For Portland, Oregon. Will Be Exhibited at the Pacific International Dairy Show. Stock Judging Team Will Also Attend

Flushed with the victory which accompanied their grain judging team at the recent Dry Farming Congress, the Utah Agricultural College is preparing to send a stock judging team to enter the list in the coming stock judging contest, a feature of the Pacific International Dairy Show, which comes at Portland, Oregon on the 18th instant. The team is made up of five members all students of the college. They are Sterling E. Price, Clauson Y. Cannon, Gordon Kirby, David Sharp and Alfred B. Caine.

The team will leave Logan tomorrow or Saturday and they will be under the charge of Prof. John T. Caine III, while at the exhibition. The team has been trained under the careful supervision of Prof W. E. Carroll of the College, and they are confident of making a splendid showing in the contest.

The choice herd of dairy cattle belonging to the individual members of the State Dairymen's Association, which has been housed at the College barns for the past three weeks was shipped to Portland Tuesday. The cattle are all in splendid condition and it is the hope of the owners that they may be successful in carrying off some of the premiums from the same.
